# CARBON NEUTRAL

## Certificate

Presented to

**Virendra Kumar**

This certificate proudly acknowledges that your **Trip** has been made carbon neutral through our dedicated tree plantation initiative - a meaningful step toward a cleaner, greener planet.

At Adventures Overland, we believe in exploring the world responsibly. That's why we've taken a conscious step to offset the carbon emissions generated by your car during the trip.

AO has developed a custom carbon calculator that evaluates emissions based on distance traveled, mileage, engine capacity, and fuel type. This ensures a transparent and measurable way to calculate our environmental impact.

To offset your journey's footprint, we partnered with Grow Trees to plant trees that will grow, protect, and give back to the Earth.

# Trees we planted on your behalf

We want you to travel with purpose, knowing that every mile you cover with us leaves no carbon footprint. If you'd like to continue making a difference, visit our website to offset the carbon footprint of your future adventures too.

We're proud to share that Adventures Overland began its carbon-neutral journey in 2024. Since then, we've planted **[X number]** trees at **[X location]** as part of our commitment to sustainability.
